**a.j. VENEKLASEN, INC. COMPLETES
TWO FACILITIES FOR FEDEX GROUND**

Grand Rapids, Michigan — a.j. Veneklasen, Inc. has built several distribution facilities for FedEx Ground, the latest being a 44,000 sf facility in Springfield, Illinois and their largest at 105,000 sf in Ann Arbor, Michigan.

Both distribution facilities have a pre-engineered steel building base with a brick masonry façade that adds to the aesthetics of the facility. The building design allowed for smooth traffic flow by having the truck bays on opposite sides of the building.

a.j. Veneklasen, Inc., founded in 1975 by Alan J. Veneklasen, offers a comprehensive package of services including design-build construction, general contracting and construction management services. AJV has completed projects for Fortune 500 companies as well as medium-sized and small businesses throughout the Midwest.
