**a.j. VENEKLASEN INC. BREAKS GROUND ON
INFRASTRUCTURE ALTERNATIVES NEW HEADQUARTERS**

Grand Rapids, Michigan, April 28, 2008—a.j. Veneklasen, Inc. (AJV) has broken ground for Childsdale Development, LLC. The new 5,200 sq. ft. walkout building is located on a picturesque site next to the Rogue River in Rockford, Michigan.

The project is scheduled to be completed by mid-June. The Childsdale Development, LLC project team includes site designer, Infrastructure Alternatives, Inc., general contractor, a.j. Veneklasen, Inc. and Andrus Architecture, provider of architectural and engineering services.

The Childsdale Development, LLC building will serve as the headquarters for Infrastructure Alternatives, Inc., a local single source service provider that serves the water, wastewater, and environmental dredging needs of private industry and municipalities. By meeting the challenges associated with today's water and wastewater systems with integrated solutions, combining design, construction, operations services and environmental dredging into tailor-made packages, they are able to bring the highest level of accountability, responsiveness and overall benefit to their clients.

a.j. Veneklasen, Inc., founded in 1975 by Alan J. Veneklasen, offers a comprehensive package of services including design-build construction, general contracting and construction management services. AJV has completed projects for Fortune 500 companies as well as medium-sized and small businesses throughout the Midwest.
